

Terms of Using the Attractions

Fun park Biograd is the biggest Croatian themed fun park and in order to guarantee your safety, our engineers and technical specialists regularly check and inspect all the attractions.

For your safety, please make yourself familiar with our Park Rules.

At the entrance of each attraction you will find a sign describing safety regulations and restrictions which must be followed strictly.

When using attractions, certain rules apply regarding to age and height. Some attractions have minimum age and height restrictions. Also, some attractions have maximum allowed height of use. At the entrance of each attractions you will find a measurement guidance pole where you are able to check if you and your children can enter the attractions.

For your own safety, please follow the Operators' **instructions**.

To ensure the safety of passengers, some attractions may stop running for bad weather, temporary technical problems and maintenance without early notice.

Restrictions regarding to age and height are followed:

Additional instructions:

- Please note that pets are not allowed to enter the park, while sticks as well as other large, pointed or loose items must not be taken onto rides. Such items can endanger yourself and others. All loose items need to be stored away and must not be held in **the rider's hand**.
- Filming and photography with mobile phones or cameras of any kind is strictly prohibited on all attractions during the ride. Head-mounted Go Pros as well as cameras attached to selfie sticks or wristbands are also prohibited. Expectations can be made for the cameras mounted with a suitable chest strap.
- Visitors under the influence of alcohol can not use any of the attractions.
- Pregnant women and visitors experiencing heart, back and other major issues can not use any of the attractions.
- Visitors with limited mobility problems may not be able to use most of the attractions. Please, pay attention to the signs in front of every attraction.
- Please look after your children as they may easily underestimate possible dangerous situations.
- Please ensure that children are always accompanied by an adult on attractions.
- When riding a circular ride, always seat children on the inside.
- Always keep children within sight.
- Never lift your children beyond or seat your child on the barriers at the attractions.
- **For your safety, please follow the Operators' instructions.**
- For more information, please see the instructions of attraction at the official website of the park or in front of attractions.
